Mays-Woodson Christian Academy

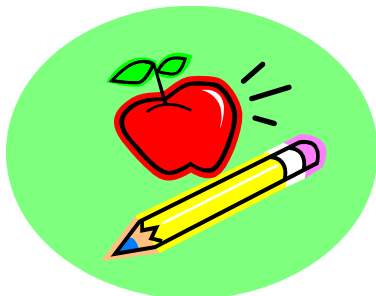

Special Events

"FREEDOM NIGHT"

a fun Christian alternative to Halloween.

Friday October 31st
6:30pm-8pm.

Children should dress casually, however
NO COSTUMES ALLOWED.
Thanks for your cooperation.

DTA CORNER

October Prayer Focus –Lord, teach me how to have a heart of true greatness based on your Word and teach me how to transfer a heart of true greatness to my children.

Parents please pray for your children to retain their knowledge gained.

Lord, I pray that (name of child) will have a deep reverence for You and Your ways. May he (she) hide Your Word in his (her) heart like a treasure, and seek after understanding like silver or gold. Give him (her) a good mind, a teachable spirit, and an ability to learn. Instill in him (her) a desire to attain knowledge and skill, and may he (she) have joy in the process. *retrieved from: "The Power of a Praying Parent" Stormie Omartian*

"May the Lord give you understanding in all things" 2 Timothy 2:7

Baltimore County Public Schools
for weather related delays and
closings. You may also consult the
church/school voicemail for
weather- related updates.

Pre K Welcome! Welcome! Welcome! Our year is off to a great start. We will study Autumn Colors and Fire Safety in October. Please read your "Pre-K News of the Week" letters so you will know what is going on in our class and are able to reinforce what your children learn for the week. Also, remember that your child needs to memorize his weekly scripture. "Show and Tell" is on Fridays. Please have your child prepared to say one grammatically correct sentence to go along with his "Show and Tell." Remember "Show and Tell" must reflect the theme, shape color or number for the week. We look forward to a productive year. It is all about our expectations for our children. I expect great things from each and every one of them. -Mrs. O'Neal

Kindergarten

We are reviewing short vowels and will soon begin consonants. Please review homework daily because it reflects what we do in our classroom. Also, remember to sign all homework and use only crayons or colored pencils where needed. - Mrs. McCullough

1st Grade- We will find the missing numbers in addition and subtraction facts. We will continue reading nightly to improve fluency in reading. We will work on comprehension skills and sight words. Please continue emphasizing the importance of being rested and attentive so we can be excellent achievers. Remember to read nightly with your child and sign the homework. -Mrs. Phillips

This Month's Highlights

2nd Grade

The 2nd Grade Experience is maximizing exposure and changing mentalities. This ship sets sail daily with destiny, purpose, and fulfillment as its chartered course. Around every corner is a wave of adventure, challenging the students to achieve much more than they believe is possible. The students are mastering cursive writing, multiplication tables, and developing sentence structure. From prayer to penmanship, animals to arithmetic, eyes have not seen nor ears heard all the great things we will do this year. Stay tuned! -Mr. Love

3rd Grade- We thank our parents for being involved in our homework. Parents are signing homework nightly. Parents assure that scholars are in complete uniform neat and clean.

Our Scripture Verse

Hebrews Chapter 11:7 - 10

"We have great faith in our Lord and Savior Jesus Christ"

Area of Growth: We are developing our ability to be focused and keep track of our belongings. - I notice that the scholars desire to please and have their work correct without mistake. That is a great quality to want to be in good standing. It is also good to know that when we do fall short God gives second chances through his grace and mercy. - Mrs. Woods

4th Grade -

Welcome to another wonderful school year! The students are off to a great start. There will be a few short projects coming up this month and you will receive a test schedule. The Fantastic Fourth Graders are learning how to solve multi-step word problems, division, multiplication, addition and subtraction in math. The math help class will begin this month as well, with others soon to follow. In history, the students are learning about the First Americans. Science, we will begin studying plants. Language Arts, the students will begin learning how to use quotation marks. The students will begin their novel The Song of the Brook as soon as they get in. This will be their first book report. I would like to thank you for your support so far this school year! I look forward to seeing and working with you all throughout the school year -Mrs. Lewis
